Support  
Transition  
Unit

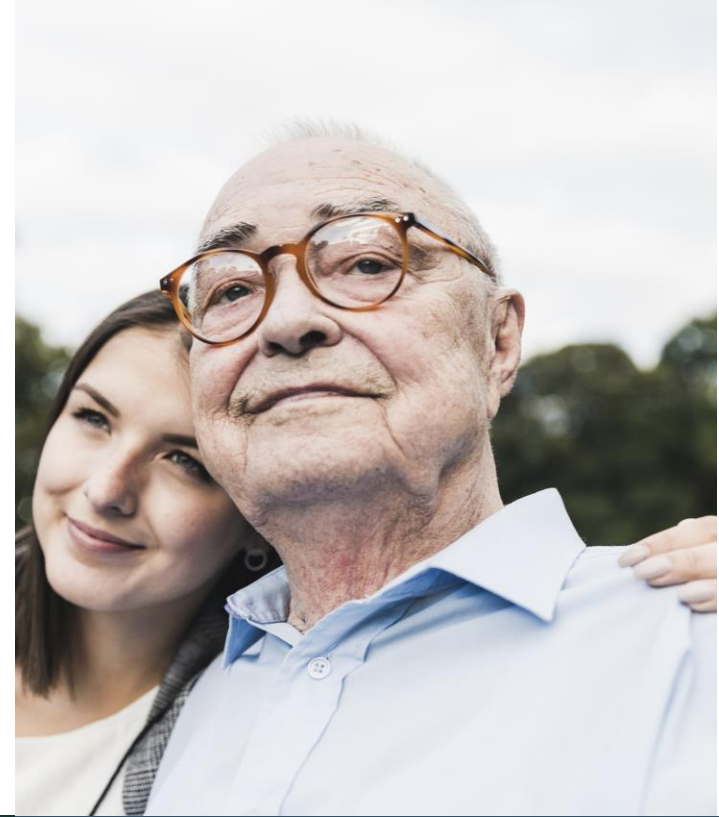

Golden Manor

---

## Our Services

- The Behavioural Support Transition Unit (BSTU) works collaboratively with residents, families and care teams to enhance the lives of adults living with dementia and behavioural changes
- We develop and implement individualized treatment and care plans to stabilize responsive behaviours with the goal to transition the resident to the most appropriate care setting

---

## Our Team

- The BSTU utilizes an interdisciplinary approach which includes the Home's Medical Director, Nurse Practitioner, registered and unregistered health care members
- Internal interdisciplinary BSO team
- Golden Manor has many strong partnerships with community agencies such as Behaviour Supports Ontario (BSO), Long-Term Care Homes, Hospitals and Home and Community Care Support Services

---

## We Can Help

The Golden Manor BSTU can help your loved one transition into Long-Term Care using a personhood approach. We appreciate the importance of high quality, dignified care, and are proud to be offering behavioural support services to our community in the North.
