### About Your Provider

I Elizabeth RPN have been actively practising nursing and performing personal/health care for 25 years. The ability to allow and aid seniors to remain healthy/living in their homes is very important to me.

My goal is to provide the quality of care a senior requires in order to stay in their home as long as possible.

### Mission Statement

My philosophy of care is dedicated to enable seniors to live life to its fullest. Caring and honesty are essential.

### Vision Statement

Is to see seniors happy, healthy and living in their homes. Aging at home is about living at home with safety, independence and quality of life.
